For Vinyl Gates

The durability of glass-filled nylon along with high quality manufacturing and design, make the CornerStone® an ideal choice when you are searching for a very strong, easy-to-install and cost-effective self-closing hinge. With a variety of options available, you will be assured that you have the right hardware for the right application.

- **Heavy Duty** Commercial Grade
- Glass-filled nylon construction for superior strength, durability and low maintenance
- No rusting or staining

**Available in Black or White**

**You Choose the Screws**

- Self-threading stainless screws for vinyl applications without stiffeners
- Self-drilling stainless screws for applications that use stiffeners

**Easy Tension Adjustment**

- Just push down and turn. A one-step process that is quick and avoids stripping.
- Allen wrench included.

**Width and Depth Orientation:**

Introducing MANTA™

The patent-pending MANTA™ gate lock is an exciting new alternative to enhance gates, and the overall image of any fence.

The MANTA™ presents a great balance of elegance and functionality. This breakthrough design offers the best of all worlds. Attractive and easy to use handles, key locks providing accessibility from the front or back of a gate, and the powerful positive-locking feature of the Nationwide Industries magnetic system.

Magnetic, self-latching, key-lockable with an elegant look that will compliment any style.

- Glass-filled nylon material for low maintenance, strength and durability.
- Locks & unlocks from either side
- Reversible for left or right hand use without changing components
- Easy to install
- Fits gate frames from 1-1/2" to 5"
- Also great for some aluminum or wood gate applications
- Re-keyable to home locks
